"There have been many great events in the history of the world. Such as the defeat of the Persans by the Greatins, thereby laving Europe from the probable domination of Persian luffleties. That was a great event when Europe was awel from the encoachment of the Mohamutedans by Charles Martel and other heroes.

### THE NAME OF JESUS STANDS FOR VICTORY OVER SIN.

The Reverend Doctor W. Pope Yeaman Prenches Christmas Service at Delmar Baptist Church.

At the Delmar Avenue Hartler Church the poster, the Reverent Locier W. Poss Yearnan, delivered a Christmas serious on the subject, "What's in a Name," taking for his fest Matthew L. E. Doctor Yearnan sold in part. for his fext Matthew I. 2. Doctor Yeaman said, in part:

"Some men affect to believe there is nothing in a name, yet, as a matter of fact, no-hoty believes any such thing. Who is that is as often asked as any other of the many questions prompted by inherent currosity." What's the samy's name? Is queried about every child born into the world. Loving methers pender names for the expectant gifts from the treator of all life. Some names of men and of some women receive the besonge of the world. I will ever be so, and it is right that it should be thus.

chail we have if we play anto him? He said to part.

The says this question was asked by the wicked in that for away post, but it sounds like an extendingly modern question. It is no carried setting it seems to have been purely commercial in its character. What is the reward if we acree him? What is the profit if we play mills him?

Surely such questions indicate that the questioners have lost the sense of spiritual preception. To such as these lifes true gloried are interly indicate. The alim of the events the guided surset, the stillness of the tawn, the authors of the sen, the malery of the normals, the matchess colors of the rainbow, would all be valueless to questioners of this type. Such things are for the rainbow, would all be valueless to questioners of the set if little in the markets of the world. Among dreamers and a mission their value could be put at zero.

A thin profit? How degrading is such a upscion when asked about spiritual service. When profit? How degrading is such a position when asked about spiritual service, if only they could be assured that a suitable remuneration would be forthcoming.

kent, Saturday. The committee discussed the enforcement of the wide-tire ordinance. In connection with this matter the committee has not several conferences with the License Commissioner and Mayor Wells, and an investigation is now in progress swithing to a more strict enforcement of the present ordinance. The league feels that with the many new street improvements and new is all the many new street improvements and new is allevands to be built by the city, it is useless to spend so much money, when vehicles with narrow tires are allowed to cut them up. The ordinance as it now stands is considered to be one of the best that centil possibly he framed, and it is only a matter of seeing that all of its provisions are lived up to in order that the wishes of the league may be carried out.

Much pams were taken some years ago by a committee from the Missouri Division League of American Wheelmen in securing this ordinance. A subcommittee of lawyers was chosen by the wheelmen to assist in the work of framing the ordinance. The committee of lawyers was composed of Henry T Kent Paul Bakewell, Horatto D. Wood, now Circuit Judge, and E. W. Pattissia. Kent, Saturday. The committee discussed

This committee took as a basis an ordi-mance that had been prepared by General Turner many years before when he was Street Commissioner. Many changes were made, and it was then finally submitted to a representative of the vehicle manufac-turers of the city, officers of the teamsters unions, representatives of the coal dealers, to many other lines of business requiring heavy hauling, to members of the City Council who had been interested in the matter, civil engineers, and the Street Com-missioner.

matter, civil engineers, and the Street Commissioner.

A me ting of those interested was then
held and much difficulty was experienced
in harmonizing them, but they finally
agreed upon an ordinance. It is considered
effective, and is now in force.

Mayor Wells has taken an interest in the
efforts of the league to have this ordinance
enforced, and has arranged for a conference with the City Counselor and other offivers interested to see that all the provisions of the ordinance are obeyed.
